OPEN ENDED

What is the strongest aspect of the instructor's teaching in this course? Give specific example, if possible.

- Several in-depth examples
- Jane is always very enthusiastic and passionate.
- Her knowledge and experience in the field.
- She is hands on.
- Use of practical application and current events
- Enthusiasm
- You can really tell that she knows what she's doing. She teaches in a very professional manner.
- Engaging.
- Organization of each week was very clear cut and easy to understand. Keeping up with current events in class was interesting and could be expanded.
- Her passion for journalism shows in her teaching.
- Experience
- Jane is just all around an amazing professor and her interest in the topic is clear. This genuine interest stimulated my interest in the course as well.
- Gave lessons clearly. Helped out outside of class
- She seemed like she genuinely cared about our progress in the class
- The information taught was specific to practicing journalism in a real-world setting and the fact that the instructor had the professional experience and the ability to teach and convey the expectations of the profession was really helpful.

What could the instructor do to improve his/her effectiveness? Again, please be as specific as possible.

- Nothing really. She was a fair grader

- I have no suggestions. She knows her stuff.
- none.
- I don't know
- None
- I believe actually getting out and doing reporting and learning on the fly would be more effective in teaching us not only grammar but AP style and other.
- Have a week worth of learning about interviewing skills.
- Become more understanding
- didn't always give clear instructions
- I think Jane is doing everything perfectly. She is what I strive to be as a journalist and has quickly become my role-model.
- Less repeat of 201 classes
- maybe some more individual conversations about how we are doing.
- I'm not sure I could offer suggestions for improvement.

Overall, what is your opinion of this course?

- I like it a lot, but a lot of the writing stuff I learned in JAMS 201
- I found this course useful overall, but it was also somewhat too easy and too similar to the JAMS 201 course.
- I thought the Adobe projects were hard and definitely took some effort to figure out especially if you didn't have a Mac but it's very clear that all the material is important and relevant to the field.
- I liked it and Jane is a great instructor
- This is a great class.
- My favorite jams course so far
- Great course
- It was really informative and helpful with many all around aspects of journalism
- Fun, helpful.
- Very High. Jane was excellent in teaching us the necessary stuff about grammar, which was especially important to me.
- I love this class. The skills I've learned will help me going forward with my career path.
- It helped but was difficult
- A little repetitive from 201
- I love the course and it helped to cement that I do want to continue on the journalism track.
- Love it. Believe this is a good class and a fun experience needed for my future
- A+
- If anyone was looking for practical knowledge on how to prepare for a career in journalism, I would strongly recommend the course. It was organized and taught in an extremely effective fashion and the feedback given on assignments was very helpful.
