**OPEN ENDED**

What is the strongest aspect of the instructor's teaching in this course? Give specific example, if possible.

· Feedback, willingness to help

· N/A  
 · Personality and a genuine care for her students work quality. I tackled my first video edit in this class and spent NUMEROUS hours on it in the lab. Jane would come into the lab quite often and spend extra time helping me hit the finer points and really polish the video. The outcome of the video...flawless, it is absolutely beautiful and it would have never gotten there without Jane's help.

· Having empathy. Jane is just an overall good human who understands the stressors of college and life. She's experienced so much in the field of journalism, that her classes are filled with information and life lessons. Having had her as an instructor for four classes, I credit Jane for keeping me excited and engaged in the journalism program.

What could the instructor do to improve his/her effectiveness? Again, please be as specific as possible.

 · N/A Jane has been an exceptional instructor in every I've ever had her and I will carry her guidance with me, forever.  
 · Honestly, nothing comes to mind.

Overall, what is your opinion of this course?

· Good course but could be set up differently in accomplishing the projects.

· N/A  
 · It was a blast. I leave this class with a whole new set of tools in my belt.  
 · Your topics on the group and individual projects really depict how the course will go for you. It's really self taught, but Jane is there to keep you on track and give feedback.  
 · It was informative and great criticism to get me on my way when having a career in the media.
